Greetings!

We are extremely excited to invite you to join the 11th edition of International Cyber Security Conference InCTFCon. InCTFCon, will feature 3 days of inspiring sessions on both core and emerging areas of cybersecurity, privacy, and digital safety. We have distinguished speakers from Israel, USA, Germany, and India.

Our mission is to educate and promote a culture of online and technology safety and security. We want to empower those that are technologically savvy to take up the cybersecurity mantle in order to find a fulfilling career in cyberspace while serving those in need. InCTFCon offers multiple avenues of entry into cybersecurity both professionally and academically.

InCTFCon is jointly organized by Team bi0s, Amrita Centre for Cyber Security, and Traboda Cyberlabs. It will take place Jan 21st – 23rd, online.

REGISTRATION AND PARTICIPATION IS FREE
