1. Andrews, J. (2001) Group Work's place in social work: a historical analysis, Journal of sociology and social welfare,
2. Konapka: (1983) Social Group Work: A helping process, Prentice Hall, New Jersey, USA,
3. Balgopal, P. R. and Groups in Social Work - An Ecological Vassil, T. V. 1983 Perspective, New York: Macmillan Publishing Co. Inc.

17SWK591 Concurrent Field Work I 3 0 0 3

Concurrent Field Work is an integral component of Social Work curriculum, as it connects the students to the realities of social issues, marginalization and vulnerabilities various sections of the society. The field work would enhance the capacity of the students to interact and intervene with clients/ groups/ community. The students have to undergo Field Work Training two days a week/15 hours of field work training in all the semesters.

In the first semester the students are introduced to basic concepts of field work with an orientation about the types of setting where the students can undergo fieldwork. Afterwards the students will be placed in selected setting where they have to try basic methods of social work.

17SWK592 Rural, Urban or Tribal Camp 2 0 0 2

The trainees have to participate in a Rural/Urban/Tribal camp which gives an opportunity to understand the real life situations in the rural/ tribal settings in the society and it also provides the opportunity to enhance the skills in planning, organizing and implementing programmes/ projects for the marginalized people.

15CUL501 Cultural Education P/F

Objective: Love is the substratum of life and spirituality. If love is absent life becomes meaningless. In the present world if love is used as the string to connect the beads of values, life becomes precious, rare and beautiful like a fragrant blossom. Values are not to be learned alone. They have to be imbibed into the inner spirit and put into practice. This should happen at the right time when you have vitality and strength, when your hearts are open.

The present course in value education is a humble experience based effort to lead and metamorphosis the students through the process of transformation of their inner self towards achieving the best. Amma's nectarous words of wisdom and acts of love are our guiding principles. Amma's philosophy provides an insight into the vision of our optimistic future.

1. Invocation, Satsang and Question - Answers
2. Values - What are they? Definition, Guiding Principles with examples Sharing own experiences
3. Values - Key to meaningful life. Values in different contexts
4. Personality - Mind, Soul and Consciousness - Q and A. Body-Mind-Intellect and the Inner psyche Experience sharing
5. Psychological Significance of samskara (with e.g. From Epics)
6. Indian Heritage and Contribution and Q and A; Indian Ethos and Culture
7. Self Discipline (Evolution and Practice) - Q and A
8. Human Development and Spiritual Growth - Q and A
9. Purpose of Life plus Q and A
10. Cultivating self Development
11. Self effort and Divine Grace - their roles - Q and A; - Vedanta and Creation - Understanding a spiritual Master

12. Dimensions of Spiritual Education; Need for change Lecture – 1; Need for Perfection
Lecture - 2
13. How to help others who have achieved less - Man and Nature Q and A, Sharing of experiences

6. Siddiqui H.Y. (1997) Working with Communities: An Introduction to Community Work, Hira Publications.

17SWK512 Introduction to Child Rights and Child Protection 3 0 0 3

Unit I: Conceptual Clarity on Child and Child Rights- Child; Legal age of children as defined in different laws and programs. Understanding child rights, concept of child rights, child rights and human rights. Understanding rights to survival, protection, development and participation.

Unit II: Situational Analysis of Children in India: Profile of Situational analysis of underprivileged children - (Education, Girl Child, Children with physical and Learning Disabilities, Trafficking of Children, Working Children, ST/DNT/N& SNT Children etc), Understanding Vulnerable Children- Children in Need of Care and Protection, Children in conflict with law, Children in contact with law and other vulnerable children Types: Orphan, Abandoned and Destitute Children. Children subjected beggary, Children infected and affected by HIV, Children living on & off the streets, Children of Sex Workers, Substance Use among children, Children and unsafe (illegal) migration

Unit III: Rights of a Child- History of Child rights and UNCRC, Major International Treaties, Understanding child rights as human rights - Right to survival-to Life, Health, Nutrition, Name & Nationality Right to Development- to Education, Care, Leisure, Recreation. Right to protection - from Exploitation, Abuse, Neglect. Right to participation - Expression, Information, Thought and Religion. Importance of child rights. Child rights in Indian Constitution, Indian Laws related to children, Introduction to National Policy for Children, National Educational Policy and National Charter for children, ICPS.

Unit IV: Child Care & Protection- Concept, Need, Relevance & Importance. Family, types, role of families in Child Rearing, Change in Families and its Impact on Children, , Developmental stages of children and Importance of Understanding the developmental stages of children Role of Family, Parents and Teachers in Child care and Protection- Effective parenting - Children's behavior and emotional problems:, Autism, Oppositional Defiant Disorder (ODD, Conduct Disorders Attention Deficit Hyper-activity Disorder (ADHD) Depression, Hyper-activity Anxiety and Related Disorders, Eating Disorders, Learning Disability, Personality Disorders; Character formation. Role of Culture and Traditions in child care and protection

Unit V: Instruments and Services for Child Protection- Understanding Institutional and non-Institutional services for children (Juvenile Justice (JJ). Act), Introduction to 4 State and non- State Services for Children, Boards and competent authorities Established under laws (e.g. CWC, JJB, DCPU- Protection Officer, NCPCR, SCPCR, etc). Role of Civil society in the Management of Institutions under JJ system. Recent Amendments.

Suggested Readings:

1. Indian Child, Cry – Child Relief & You: Mumbai 1999
2. Child Protection, Current Status and Recommendations of strategies for the Indian Country Programme for 2003-2007, A consultative report by Murali Desai, December 2001
3. Rescue and Rehabilitation of child victims, A Report: Department of Women and child development., 2005
4. Child in Need of Special Protection, East Asia and the Pacific, A UNICEF perspective,
5. Child Labor: *Getting the message across: a manual to strengthen the production and use of information about child labor in Asia*, Regional Working Group on Child Labor (RWG-CL)
6. Child Abuse and the law: A review of the law and the legal process, Save the Children, Norway.
7. Child Victims Rights: A report: international conference on child sex abuse victim protective investigation and trial procedure, 1996.

17SWK513 Introduction to Disaster Management 3 0 0 3

Unit 1: Nature of Hazards and Disasters- Understanding the Concept and Definitions of Disaster, Hazard, Vulnerability, Risk, Resilience, Capacity, Mitigation Impact of Disasters, Relationship between disasters, vulnerability and development: Geographic location of countries and repeated occurrences of natural disasters; Disaster Profiles - Global, National, State-wise scenario of disasters.

Unit II: Factors influencing Vulnerability- Understanding vulnerability: historical factors, geography, gender, age, health, social exclusion, proximity to the possible hazardous event, demography/population density, cultural perceptions (myths) about the occurrence of disasters/ public education and awareness of the hazard, existence or non-existence of early warning systems and levels of communication. Vulnerability reduction. Frameworks to

understand vulnerability: The double structure of Vulnerability –Capacity and Vulnerability Analysis - The Pressure and Release Model – The Access Model - The Sustainable Livelihood Approach – The BBC Framework.

Unit III: Participatory approaches in Disaster Management- Participatory Vulnerability Analysis/Participatory Assessment of Disaster Risk; Community-based capacity mapping and analysis. Participatory approach and accountability. Disaster Response: Role of GOs/INGOs/NGOs/CBO's in disaster response and recovery programmes, Role of media in disaster response and recovery.

Unit IV: Disaster Prevention and Mitigation Strategies- Development planning for Prevention and Mitigation; Urban Planning – land use, building codes and standards; Rural Development – food security, sustainable/alternative livelihoods, Drought mitigation; Coastal Zone Management and Hill range development.

Unit V: Disaster Management in India -Disaster Management-concept, meaning, history, organizational and legal dimensions; Disaster Management cycle, An analysis of disasters in India (date of event, cause of event, extent of event, damage caused, size of event, recurrence interval, source of information and response of different communities), Challenges of disasters .

Disaster management - Interventions/Programmes in different disasters Role of PRI's and community participation, Role of international agencies Global initiatives, World Conference on Disaster Reduction (2005), Hyogo Framework for Action (2005-15), Sendai framework 2015-30, Sphere Standards – 2012, national and regional level organizations, NDMA, SDMA, CBOs and other local level mechanisms. Disaster management in the Five Year Plans. The National Disaster Frameworks: The Disaster Management Act and Code; Role of social workers in Disaster Management.

Community Based Disaster Management(CBDM), Psycho-social care in disaster management, Post-Trauma care and Counseling.

Suggested Readings:

17SWK514 Introduction to Physical and Mental Health 3 0 0 3

Unit I: Introduction to Physical Health:

Health – Definition, Indicators of health; Health challenges in India; Determinants of health; Social determinants of health; Theories of disease causation: germ theory, epidemiological triad, BEINGS model, theory of web causation, epidemiological wheel theory. Community Based health promotion and health education.

Unit II: Diseases and Health Care in India:

Diseases -Major communicable diseases; non- communicable and chronic disabling conditions; environmental health issues; nutritional deficiencies; Reproduction, Fertility and Contraception; Recent Health issues: Swine Flu, Chikungunya, H1N1, Zika etc. Methods of treatment-Allopathy and Alternative Medicine (AYUSH)

Unit III: Introduction to Mental Health:

Mental Health – Definition, Characteristics; Mental Disorders – Definition, Characteristics; Mental Distress. Myths related to mental disorders; Models of mental disorders; Basic types of mental disorders – Neurosis and Psychosis; Difference between Mental Disorders and Psychiatric Disability; Causes and Features of mental illness; Methods of treatment - Physical, Psychological and Alternative Medicine (AYUSH)

Unit IV: Mental Health Organization and Programs in India:

National Mental Health Programme; District Mental Health Programme; Mental Health Interventions at Primary, Secondary and Tertiary Health Settings; Trans-cultural Psychiatry.

Unit V: Social Worker's Role in Physical and Mental Health settings:

Overview to Vulnerability Mapping in Physical & Mental Health – Relevance to social work
Gender focused perspectives on physical and mental health

Physical Health Settings- Hospital, Community Settings – Urban, Rural and Tribal; Disaster Health Care; Terminal Illness; HIV/AIDS; Accidents and Physical Disabilities.

Mental Health Settings: Psychiatric Hospitals, Child Guidance Clinic, Educational institutions, Correctional Institutions, Industries, Alcohol and Substance Use and Suicide.

Suggested Readings:

1. Ahuja Niraj (2011) 7th Ed, A Short Textbook of Psychiatry, Jaypee Brothers Publishers Ltd. New Delhi.
2. Bhalwar Raj Vir (ed). (2009) Text Book of Public Health and Community Medicine, Pune: Publisher: Department of Community Medicine, Pune; Armed Forces Medical College, New Delhi in collaboration with World Health Organization, Indian office.
3. Park K, (2007) Park's Text book of preventive and social medicine, 19th edition M/s Banarsidas Bhanot Publishers, Jabalpur.
4. Saddock B.J. and Saddock V.A. (2003). Synopsis of Psychiatry (9th Ed), Philadelphia: Lippincott, Williams and Wilkins.
5. Saddock, B, J, & Saddock, V.A. (2005). Comprehensive Textbook of Psychiatry. Philadelphia: Lippincott Williams and Wilkins.

17SWK515 Social Work Research 4 0 0 4

Unit 1: Role of Social Work Research and Scientific Method:

Conceptual clarity - Research in physical and Social sciences, Scientific attitude, Social Research and Social Work Research (SWR), Relevance of Research in Social Work, purpose of SWR, Use of research in professional field and practice of social work, types applied,

Cannons of Science - Purpose of scientific method. Ideographic to nomothetic. Assumptions of scientific method. Features of Scientific Method: Objectivity, Verifiability or falsifiability, Replicability. Critiques of Applicability of scientific method to explain social reality: Subjectivism.

Unit 2 Problem Formulation

How researchable problems arise: Interest in an area. Contradictory Findings of earlier studies. Dissatisfaction with the earlier explanations. Extending the findings of earlier studies to new areas. Current public discourse. Massiveness to manageability; Diffuseness to specificity; Vagueness to clarity; and abstract to concrete. Availability of new

data. Grand research questions. Main, and sharper research questions. Objectives (Importance of the Last Objective; e.g. Factors affecting the variance).

Unit 3 Variables and Theories

Units of analysis. Concepts and conceptualization. Independent, intervening and dependent variables. Induction vs. deduction. Rejection of induction.

Theories: nature and role in social research; Hypothetico –deduction. Features and role of sound theories; Hypotheses. Features and role of sound hypotheses. Verification vs. falsification. Implementation of concepts and variables. Reliability and validity of operational Likert scales.

Unit 4: Research Designs, Sampling, Tools:

Nature of research design; Factors affecting the choice of research designs, Tools of data collections: Observation, Case studies, Surveys, and experimental. Case study design; Interview schedules; Questionnaire.

Unit 5: Quantitative Data Processing and SPSS

Introduction to SPSS. Data definition. Data entry. Uni-variate/Bi-variate and Multi-variate Data analysis and interpretation. Report writing-Major components of a research report, Publication as a practice goal-Writing for professional journals

Suggested Readings:

17SWK596 Concurrent Field Work II & Winter Internship 30 0 3

Having gained knowledge and understanding from the previous semester fieldwork, the students are expected to improve their practice skills in different settings. They get an opportunity to work with children, women adults, or elderly in the community. They are also involved in planning and developing programmes in the field.

Winter Internship has to be completed during the Winter break at the end of the First semester and will be evaluated during the Concurrent Field Work Viva Voce Exam II.

15AVP501 Amrita Values Program 1 0 0 1

Amrita University's Amrita Values Programme (AVP), is a new initiative to give exposure to students about richness and beauty of Indian way of life. India is a country where history, culture, art, aesthetics, cuisine and nature exhibit more diversity than nearly anywhere else in the world.

Amrita Values Programmes emphasize on making students familiar with the rich tapestry of Indian life, culture, arts, science and heritage which has historically drawn people from all over the world.

Post-graduate students shall have to register for any one of the following courses, in the second semester, which may be offered by the respective school.

Courses offered under the framework of Amrita Values Programme:

Art of Living through Amma

Amma's messages can be put to action in our life through pragmatism and attuning of our thought process in a positive and creative manner. Every single word Amma speaks and the guidance received in on matters which we consider as trivial are rich in content and touches the very inner being of our personality. Life gets enriched by Amma's guidance and She teaches us the art of exemplary life skills where we become witness to all the happenings around us, still keeping the balance of the mind.

Insights from the Ramayana

Historical significance of Ramayana, the first Epic in the world – Influence of Ramayana on Indian values and culture – Storyline of Ramayana – Study of leading characters in Ramayana – Influence of Ramayana outside India – Misinterpretation of Ramayana by Colonial powers and its impact on Indian life - Relevance of Ramayana for modern times.

Insights from the Mahabharata

Historical significance of Mahabharata, the largest Epic in the world – Influence of Mahabharata on Indian values and culture – Storyline of Mahabharata – Study of leading characters in Mahabharata – Kurukshetra War and its significance – Importance of Dharma in society – Message of the Bhagavad Gita - Relevance of Mahabharata for modern times.

Insights from the Upanishads

Introduction: Shruti versus Smrti - Overview of the four Vedas and ten Principal Upanishads - The central problems of the Upanishads – Ultimate reality – the nature of Atman - the different modes of consciousness - Sanatana Dharma and its uniqueness - The Upanishads and Indian Culture – Relevance of Upanishads for modern times – A few Upanishad Personalities: Nachiketas, SatyakamaJabala, Aruni, Shvetaketu.

Insights from Bhagavad Gita

Introduction to Bhagavad Gita – Brief storyline of Mahabharata - Context of Kurukshetra War – The anguish of Arjuna – Counsel by Sri. Krishna – Key teachings of the Bhagavad Gita – Karma Yoga, Jnana Yoga and Bhakti Yoga - Theory of Karma and Reincarnation – Concept of Dharma – Idea of the Self and Realisation of the Self – Qualities of a Realised person - Concept of Avatar - Relevance of Mahabharata for modern times.

Swami Vivekananda and his Message

Brief Sketch of Swami Vivekananda's Life – Meeting with Guru – Disciplining of Narendra - Travel across India - Inspiring Life incidents – Address at the Parliament of Religions – Travel in United States and Europe – Return and reception India – Message to Indians about our duties to the nation.

Great Spiritual Teachers of India

Sri Rama, Sri Krishna, Sri Buddha, AdiShankaracharya, Sri Ramanujacharya, Sri Madhvacharya, Sri Ramakrishna Paramahansa, Swami Vivekananda, Sri RamanaMaharshi, Mata Amritanandamayi Devi

Indian Arts and Literature:

The aim of this course is to present the rich literature and culture of Ancient India and help students appreciate their deep influence on Indian Life - Vedic culture, primary source of Indian Culture – Brief introduction and appreciation of a few of the art forms of India - Arts, Music, Dance, Theatre, Paintings, Sculpture and architecture – the wonder language, Sanskrit and ancient Indian Literature

Importance of Yoga and Meditation in Life:

The objective of the course is to provide practical training in YOGA ASANAS with a sound theoretical base and theory classes on selected verses of Patanjali's Yoga Sutra and Ashtanga Yoga. The coverage also includes the effect of yoga on integrated personality development.

Appreciation of Kerala's Mural Art Forms:

A mural is any piece of artwork painted or applied directly on a wall, ceiling or other large permanent surface. In the contemporary scenario Mural painting is not restricted to the permanent structures and are being done even on canvas. A distinguishing characteristic of mural painting is that the architectural elements of the given space are harmoniously incorporated into the picture. Kerala mural paintings are the frescos depicting mythology and legends, which are drawn on the walls of temples and churches in South India, principally in Kerala. Ancient temples, churches and places in Kerala, South India, display an abounding tradition of mural paintings mostly dating back between the 9th to 12th centuries CE when this form of art enjoyed Royal patronage. Learning Mural painting through the theory and practice workshop is the objective of this course.

Practicing Organic Farming

Life and nature are closely linked through the healthy practices of society for maintaining sustainability. When modern technological knowhow on microorganisms is applied in farming using the traditional practices we can avoid damage to the environment. The course will train the youth on modern practices of organic farming. Amma says "we have to return this land to the coming generations without allowing even the slightest damage to happen to it". Putting this philosophy to practice will bring about an awakening and enthusiasm in all to strive for good health and to restore the harmony in nature"

Ancient Indian Science and Technology

Science and technology in ancient and medieval India covered all the major branches of human knowledge and activities, including mathematics, astronomy, physics, chemistry, medical science and surgery, fine arts, mechanical, civil engineering, architecture, shipbuilding and navigation. Ancient India was a land of sages, saints and seers as well as a land of scholars and scientists. The course gives an awareness on India's contribution to science and technology.

SEMESTER: III

17 SWK601 Social Legislations for Vulnerable Groups 3 0 0 3

Unit I: Introduction to Constitution of India and Social Legislation- Brief introduction to the Indian Constitution, Fundamental rights, Directive principles of state policy, Constitutional remedies (Writ Petitions and PILs); Human rights, Citizens' rights against police; Structure of Indian judicial systems & reforms therein (including Lokadalatsetc), Social Legislation as instrument of protection of vulnerable sections of the society and for furthering social reforms

Unit II: Laws Related to Children-The Juvenile Justice (Care and Protection of Children) Act, 2015; POCSO Act 2012; The Criminal Law (Amendment) Act, 2013; The Child Labor (Prohibition and Regulation) Amendment Act, 2016; Prohibition of Child marriage Act 2006: Children's Right to (Free & Compulsory) Education Act 2009

Unit III: Laws Related to Women- Introduction to Immoral Traffic (Prevention) Act 1956; Dowry Prohibition Act 1961, Indecent Representation of Women Act 1986, Prevention of Domestic Violence Act 2005, Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redress) Act -2013; IPC-Section 498-A; Other relevant provisions from the IPC &CrPC.

Unit IV: Laws Related to Socially Disadvantaged-The Scheduled Castes and the Scheduled Tribes (Prevention of Atrocities) Amendment Act, 2015, The Rights of Persons with Disabilities Act, 2016, Scheduled tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006, Maintenance and Welfare of Parents and Senior Citizens Act 2007; Bonded Labour (System) Abolition Act-1976

Unit V: Laws for Social Change- Right to Information Act-2005; Mahatma Gandhi National Rural Employment Guarantee Act 2005; Central Educational Institutions (Reservation in Admissions) Act 2006. Recent Amendments in Social Legislations.

Suggested Readings:

Bare Acts of relevant legislations

1. Basu, Durga Das. (1971) Introduction to the Constitution of India. New Delhi, Prentice Hall of India.
2. Gangrade K D. (1978) Social Legislations in India (Vol I and II). New Delhi, Concept Publishing Company.
3. ShanmugaVelayutham (1998) Social Legislation and Social Change Chennai, VazhgaValamudan Pub
4. South Asia Human Rights Documentation Centre-SHRDC. (2006) Introducing Human Rights. New Delhi, Oxford University Press.
5. Aswini Kant Gautam. (2001) Human Rights and Justice System. New Delhi, A. P. H. Publishing Corporation.
6. Narang, A S. (2000) Indian Government and Politics. New Delhi, Geethanjali Publishing House.

17SWK602 Project Formulation and Management 3 0 0 3

Unit I: Project Management- An overview of concepts and processes organizations and work; operations, understanding project, project life cycle, project management process; Activities, output, outcome, deliverables, performance indicators and evidence.

Unit II: Planning- Basic steps; strategies and planning, preparing the pre-planning stage; Mission and Vision statement; SWOT analysis; situation assessment, identification of critical issues; contents of a strategic plan; characteristics of an effective annual operating plan, implementing strategic plan.

Objective Oriented Planning: Logical Framework Approach; analysis of the project context; stakeholder analysis, problem analysis, objective analysis, plan of activities, resource planning, risk analysis and risk management.

Unit III: Conceptualizing and Initiating a Project- Setting goals and securing commitment; the project goal, developing goal statements, setting budget goals; time and money, managing conflicts, creating goal commitment.

Unit IV: Work Breakdown Structure, Scheduling Tools- Gantt Charts; PERT/CPM Networks; project control, purpose, processes; periodic control techniques, preventive control techniques, cost control, monitoring, midterm evaluation and end term evaluation, providing components and indicators for evaluations.

Project completion and review; improving project performance, steps for project completion, learning before doing, learning after doing, carrying out reviews.

Unit V: Leadership in Project Management- Essential characteristics of good project leader, managing teams in projects, training for staff in social welfare projects; Communicating risk, essential characteristics of effective communication; Public relations.

Case presentations on successful proposal & preparing a project proposal for funding organizations.

Suggested Readings:

1. Ghattas and Sandra L McKee. (2008) Practical Project Management. New Delhi, Pearson Education.
2. Leech Corinne. (2004) Successful Project Management Open Learning Programme. Oxford, Elsevier.
3. Browning Beverly A. (2011) Grand writing for Dummies. 3rd Edi. Wiley, John & Sons, Incorporated.
4. Heerkens Gary R. (2011) Project Management. USA, McGraw- Hill Publications.
5. Gray CF et al. (2000) Project Management: The Managerial Process. Boston, McGrawHill,

17SWK603 Social Welfare Policy and Administration 30 0 3

Unit I: Social Welfare Policy- Concept, meaning, definition, need, evolution, constitutional base, sources and instrument. Approaches to social policy; unified, integrated and sectoral. Social welfare; Meaning, concept and importance, evolution of social welfare in India.

Unit II: Social Welfare Policies and Programmes for Various Populations- Scheduled sastes (SCs) and schedule tribes (STs), other backward classes (OBCs), religious and linguistic minorities, women, children, older persons and persons with disabilities (PWDs), transgender, mentally Ill persons, refugees, Substance Use, internally displaced persons (IDP) and project affected persons (PAPs).

Unit III: Social Welfare Administration- Definition, meaning, concepts, scope, task, functions, skills, principles and areas. Evolution of social welfare administration in India. Administrative setup & functions; centre level, state level, & local level.

Unit IV: Non State Organizations (NSO)/Civil Society Organizations (CSOs)- History and evolution of CSO in the World & India. Type of VOs: Legal Status of VOs / CSOs; salient features of societies registration act, 1860:

State acts related to voluntary organizations. Indian Trust Act 1882. Organizational Structure: National Policy on Voluntary Sector - 2007. Problems and challenges in administration of Voluntary organization.

Unit V: Administration of NSOs/CSOs- Office administration, reporting and preparation of annual reports; Financial administration. Resource mobilization: Fund Raising. Income Tax Act Sections 12A, 35AC, 80G & 80 GGA; Foreign Contribution Regulation Act (FCRA) 2010. Need for effective implementation of FCRA provisions and challenges for government and VOs.Recent amendments in Policy and Administration.

Suggested Readings:

1. Bhattacharya Sanjay. (2006) Social Work Administration and Development. New Delhi, Rawat.
2. Chowdhry Paul D. (2006) Social Welfare Administration. Delhi, Atma Ram & sons.
3. Goel, S.L. & Jain, R.K. (1988) Social Welfare Administration, Vol. I & II. New Delhi, Deep and Deep.
4. Sachdeva D R. (2007) Social Welfare Administration in India. Allahabad, KitabMahal.

Elective 1: Community Development

17SWK631 Rural and Tribal Community Development 3 0 0 3

Rural Community Development

Unit-I: Rural Community and Community Development- Conceptualization and definitions, Characteristics of rural community. Rural Economy of India, Paradigms of Rural Development, Determinants of Rural Development. Framework for community and economic development. Social capital and community building.

Unit-II: Rural Problems and Interventions-

Problems: Rural Poverty; Rural-urban migration – forced migration & eviction; Agrarian crisis including farmers' suicide; Food security - current challenges; Land acquisition and related issues; Social exclusions; Issues and reforms regarding public sector units - privatization. Human animal conflicts.

Interventions: Salient features of various policies for Rural Development in India; Rural development agencies and its role; Major Rural Development Programmes in India; Critical analysis of the earlier programmes and discussion on current programmes. Role of voluntary agencies in Rural Development.

Unit-III: Planning and Organizing Rural Development-

Planning - Levels and functions of planning; Decentralization of planning; Methodology of micro-level planning, Methodology for block and district level planning; Techniques of Participatory Rural Appraisal (PRA) in Rural Development. Community asset mapping.

Organising – Designing an appropriate organizations, Government organizations, Panchayati Raj organizations, Cooperatives, and Voluntary Agencies. Social Audit and its role.

Tribal Community Development

Unit IV: Tribes & Problems of Tribes- Tribe - Conceptualization and definitions, Characteristics, Socio economic conditions, Cultural and religious aspects. Tribal leadership -Local, State, and National levels. Problems –Livelihood issues, debates in tribal development - forest dwellers' rights, tribal displacement, eviction, resettlement and rehabilitation.

Unit:5 Tribal Development Programmes and Interventions- Major tribal development programmes -Tribal Area Development Programme; Hill Area Development Programmes[HADP]; Tribal Sub-Plans [TSP]. Role of voluntary organization in tribal development.

Suggested Readings:

1. Babuji, M. (1993) Tribal Development Administration, Kanishka Pub., New Delhi.
2. Desai V. (1988) Rural Development, Vol 1-4. Bombay, Himalaya Publishing House.
3. Devendra Thakur (1994) Tribal life in India (Ten Vols), Deep & Deep Pub., New Delhi.

Elective IV: Disaster Management

17SWK661 Hazards, Risk and Disasters 3 0 0 3

Unit I Conceptualizing Disasters

Introduction to concepts - hazard, risk, disaster, crisis, emergencies, vulnerability, susceptibility, capacity, disaster management, prevention, preparedness, mitigation, rehabilitation. Theories on Risk, Crisis and Disasters: Social structure and disasters. The nature of risk - components of risk - Kirchton's risk triangle - inherent level of risk. Meaning and explanation of Risk transfer, risk communication, risk perception, risk avoidance and risk assessment. Social, economic and political processes within developing countries that structure the impact on natural disasters.

Unit II Classification and Impacts of Hazards

Types of hazards: Natural Hazards – Geologic hazards, Atmospheric hazards and other natural hazards. Natural hazards as Catastrophic hazards/ rapid onset hazards/ slow onset hazards; Anthropogenic Hazards – Technological

Hazards, Acid rain; Contamination of atmosphere or surface water with harmful substances; Ozone layer depletion; Global warming. Effects of Hazards: Primary, secondary and tertiary effects; Time and space dimensions of disasters.

Unit III Disasters and Social Change

Social groups affected by disasters: Ethnicity and Gender issues, Children, aged, physically disabled, internally displaced people, and others. Community and organizational changes during disasters; Migration, conflicts and disasters; Poverty, hunger, conflicts and disasters: social inequalities and entitlements. State, civil society and local/indigenous community during disasters. Social interfaces and social change in the context of disasters.

Unit IV Fundamentals in Disaster Management

The disaster management cycle: Critical reflections on the disaster management cycle, Components of a disaster management system: Early Warning System and Communication during disasters, Disasters and sustainable transformation: Recognizing local culture, structure, capacities and need.

Unit V Disasters in the Indian Sub-continent

History of disasters in India from the vulnerability perspective – (i) Famines in India – (ii) Partition – (iii) Drought in Maharashtra, Andhra Pradesh, Gujarat – (iv) Bihar and Mumbai Floods – (v) Earthquakes in Latur, Gujarat, and Kashmir – (vi) The Orissa super-cyclone – (vii) The Bhopal Gas Tragedy – (viii) The Indian Ocean Tsunami - (ix) Epidemics in the Indian Sub-continent – Plague, Smallpox, Vector-borne diseases. Terrorist, Communal violence.

17SWK662 Standards and Approaches in Disaster Relief and Recovery 3 0 0 3

Unit I Nature and Types of Immediate Response

Phases of Disaster: Understanding Response & Recovery. Individual, Family and Community Responses. Natural History of Individual Responses: Reactions, Factors and Psychodynamics; Threat, Impact, Recoil, Early aftermath phases. Post traumatic stress, anxiety and depressive reactions. Community Responses to Disasters: Reactions to warning, Blame and hostility in disasters, Role of family and relatives. Organizational responses to disasters. Role of media in disasters.

Unit II Standards and Best Practices in Relief Operations

Hyogo Framework for Action – International Strategy for Disaster Risk Reduction – National Policy & Act. The SPHERE standards - Humanitarian Charter, Minimum Standards Common to All Sectors; Minimum Standards in Water, Sanitation and Hygiene Promotion; Minimum Standards in Food Security, Nutrition and Food Aid; Minimum Standards in Shelter, Settlement and Non-food items; Minimum Standards in Health Services; Minimum Standards in Education; Critique of the SPHERE Standards. International Standards relating to key vulnerable groups: Women; Children; Older People; People living with HIV/AIDS; Disabled Persons; Minorities (descent-based, religious and linguistic status); Indigenous Peoples; Migrant workers; Non-nationals/ Non-citizens); Internally Displaced Persons.

Unit III Immediate Relief Strategies

Characteristics of the response phase: Impact, Rescue, Inventory, and Remedy. Identity. Categories of relief: Food, Clothing and other maintenance, Shelter, Building and Repair, Household furnishings, Medical and nursing care, Occupational supplies and equipment, Small business rehabilitation etc. Types of Activity: Core value activity – Search and Response, Caring for Casualties, Protection against continuing threat, Relief and caring of survivors. Organizations in Response: Police Department, Fire Department, Public Works Department, Hospitals, Voluntary Organizations/ NGOs. Organizational Constraints: Communication, Coordination, Authority Structure, Prior Experience. Disaster Relief Logistics - strategic planning, preparedness, pre-event response etc.

Unit IV Disaster Impact Assessment

An overview of disaster assessment: Role and Steps in the Assessment Process; Evolving Objectives of Assessment; Different data collection methodologies suitable for assessment. Multi-Sectorial Damage Assessment.

Unit V General features of Integrated Risk Assessment

Short term relief versus long term Recovery; Emergency Operations Plan Development: The dominant planning model: Command and Control – Assumptions and Consequences. Incident Command System. Alternate approaches. Principles of Planning. Different types of disasters and planning implications. Developing a Plan: Direction and Control; Communication; Alerts and Warnings; Evacuation and Closure; Criteria for evaluating disaster plans.

17SWK691 Concurrent Fieldwork - III/ Internship I& Summer Internship 3 0 0 3

Based on the field of specialization, the students are placed in agencies like hospital/ voluntary organization, field projects etc. Here the students should focus on developing perspectives, practice the roles and intervention modes to agency specific or target group specific. With the cutting edge social work practice skills, the students can directly make interventions in the field.

Summer Internship has to be completed during the Summer break at the end of the Second semester and will be evaluated during the Concurrent Field Work Viva Voce Exam III.

15SWK690

LIVE-IN-LABS

2 0 0 2

This initiative is to provide opportunities for students to get involved in coming up with solutions for societal problems. The students shall visit villages or rural sites during the vacations, after the second semester and if they identify a worthwhile project, they shall register for a 2-credit Live-in-Lab project, in the third semester. The objectives and projected outcome of the project should be reviewed and approved by the Dept. chairperson and a faculty assigned as the project guide. On completion of the project, the student shall submit a detailed project report. The report shall be evaluated and the students shall appear for a viva-voce test on the project.

17SWK698

Research Project – Part 1

2 0 0 2

Each student has to choose a research problem and do a field project within the area of his/ her specialization in consultation with the supervisor who will offer continuous guidance to acquire the knowledge and application of research steps. The final evaluation and viva-voce will be held at the end of the fourth semester.

SEMESTER – IV

17SWK611 Corporate Social Responsibility 2002

Unit I: Understanding CSR- Evolution, importance, relevance and justification. CSR in the Indian context, corporate strategy.CSR and Indian corporate.

Unit II: Structure of CSR- In the Companies Act 2013 (Section 135); Rules under Section 13; CSR activities, CSR committees, CSR policy, CSR expenditure CSR reporting; Policies; Preparation of CSR policy and process of policy formulation; Government expectations, roles and responsibilities.

Unit III: CSR and Social Work- CSR practices in domestic and international area; Role and contributions of voluntary organizations to CSR initiatives. Role of implementation agency in Section 135 of the Companies Act, 2013.Effective CSR implementation.Role and expectations of social worker in CSR programmes.

Unit IV: Project Management in CSR initiatives- Project and programme; Monitoring and evaluation of CSR Interventions. CSR Documentation and report writing. Reporting framework, format and procedure.

Unit V: Models of CSR- Business Model , Social Marketing, Crowd funding, Social Entrepreneurship – Case studies.

Suggested Readings:

3. UNDP(nd) Governance indicators: A users guide . Oslo: UNDP
4. Rao, Subbha (1996) Essentials of Human Resource Management and Industrial Relations, Mumbai, Himalaya
5. Rao, V.S.L. (2009) Human Resource Management, New Delhi, Excel Books,

Elective 1: Community Development

17SWK633 Climate Change and Sustainable Development 3003

Unit I: Climate Change- Introduction, The Science of Climate Change; Causes of climate change: Natural & Human causes; Impacts of climate change: Agriculture, Water insecurity, Natural disasters and extreme climate events, sea level rise – health, eco systems and bio diversity – Adaptation of developing countries.

Unit II: Regional and National Scene- South Asia & Indian Scenario: Geography, poverty and population density makes South Asia vulnerable; Poverty and resource degradation; High climate variability and high incidence of natural disasters. Heavy reliance on monsoons; Influence of Himalayas on climate and economy of the region; Density of population in coastline and effects of sea rise; Urbanization & challenges. Future of South Asia: warming, wet regions, surface run off, climate related natural disasters: cyclones, floods, droughts, diseases. Glacial retreat & consequences.

Unit III: Social Impacts and Interventions- Women, the poor indigenous people most vulnerable. Climatic refugees: Bangladesh to India. Social Development: Strengthening local govts.; Promotion of participation, Resettlement & rehabilitation.

Unit IV: Sustainable Development- Conceptualization and definitions. Local & global challenges to sustainable development. Indicators of non-sustainable development. Sustainable rural development in India: critical review of India's strategies of rural development. Elements of new strategy for sustainable development

Unit V: Global effort for sustainable development- Action plan for sustainable development, issues of negotiation and accountability in achieving sustainable development. Global agreements, Post 2015 process, High-level Political Forum on Sustainable Development, Sustainable Development Goals, UN System implementation.

6. UNDESA (2014) Sustainable Development in Action, Special report on Voluntary Commitments and Partnerships for Sustainable Development.

17SWK634 Technological Interventions for Community Development 3 0 0 3

Unit I: Introduction- Concept of technology, Technology a mixed package. Technology as a means of development, Disruptive technology. Use of technology - material growth and social development. Use of technology for reducing distress. Sources of technological advancement – international and domestic. Technological interventions for people to have healthy lifestyles. Advantages of technology-driven opportunities - affordable access to technologies. Concept of appropriate technology and local self reliance. Initiatives of National Institute of Rural Development [NIRD] and Council for Advancement of People's Action and Rural Technology (CAPART).

Unit II: Field of Technological Intervention- Water– Water conservation, water harvesting, watershed development, water management, water quality, water distribution, desalination of sea water. Ongoing project around the world and success stories on water conservation, water harvesting, watershed development.

Unit III: Field of Technological Intervention-Agriculture– Land development, Organic/nature farming, soil conservation and soil health, Irrigation and transport. Technologies on post-harvest processing of agricultural produces. Introduction of computers, software and mobiles phones.

Unit IV: Field of Technological Intervention- Energy & Transportation- Technologies available for energy crisis. Non conventional / renewable energy sources – Solar, wind, wave, ect. Bio-methanation and its utilities. Transportation -Situational analysis and accomplishments, limitations and future directions.

Unit V: Field of Technological Intervention- Health & sanitation- Technology to reduce to the ill effects of toilet – types of toilets, Low-cost toilet and sustainable wastewater management .Menstrual hygiene - sanitary napkins.

Suggested Readings:

1. Robert Chapman and Tom Slaymaker (2002), ICTs and Rural Development Review of the Literature, Current Interventions and Opportunities for Action, Overseas Development Institute.
2. NIRD (2001) Directory of Rural Technologies, Volume -1 . CAPART Publications on Prayas (Success Stories), Rain Water Harvesting , People's Action (bi-monthly).

Elective 2: Physical and Mental Health

17SWK643 Social Work Practice in Physical Health 3 0 0 3

Unit I: Health Concept, definition, dimensions and indicators; Different approaches to health - preventive, primitive and remedial health; Health and Well-being. Family of International Classification (WHO). **Case History** - Preparation of case history (with examples from the field); Social assessment of patient's family. Indicators of physical life: subjective well-being, quality of life etc.

Unit II: Impact of Illness- Disabling conditions on the patient, family members and the community; Reactions to illness/death/loss – DABDA model; psycho social problems of patient and families during the process of treatment and hospitalization; Burden of Care for the family, Need for involving family in treatment process.

Unit III: Skills, Trends and Perspectives in Physical Health Social Work: - Essential skills for social work practice in physical health settings; Recent trends; Prospects and Challenges. **Theoretical Perspectives** – Person-in-environment orientation; Biopsychosocial approach for practice; Sick role and illness behaviour. Patients' Rights in Health care.

Unit IV: Social Work Practice in Different Physical Health Settings- Role of the social worker as a member of a multi-disciplinary team; Importance of team work and case conference. **Different Physical Health Settings**- Outpatient Services, Emergency Care, Inpatient Services, Special Clinics, Community Health Care and Rehabilitation Services

Unit V: Rehabilitation- Definition, principles, assessment, planning and process of physical rehabilitation; Role of social worker in rehabilitation; Introduction to Aided therapies - physiotherapy, occupational therapy, speech therapy and recreational therapy. Psychological Problems in hospital staff that lead to morbidity (Stress, Burnout and Compassion Fatigue), Professional Self Care.

6. Yesudian C.A.K (Ed) (1991) Primary Health Care. Mumbai, Tata Institute of Social Sciences.

17 SWK 644 Community Care in Physical Health 3 0 0 3

Unit I: Community Health Care Policies and Programs– Health care system in India- historical development, three tier systems of health care in India- national health policy- population policy- nutrition policy- NRHM- Public private partnership- community health care in India- AYUSH.

Cancer control programme- Revised TB Control Programme- NVBDC Programme- leprosy eradication Programme- Risk approach in MCH- non communicable disease program- HIV/AIDS program. Recent changes in various Policies and Programmes.

Unit II: Patients Rights and Medical Ethics- Salient features of Consumer Protection Act and Medical Profession 1986, The Medical Termination of Pregnancy Amendment Act, 2002, The Prenatal Diagnostic Techniques (Regulation and Prevention of Misuse) Amendment Act, 2002 The Maternity Benefit Act, 1961: The Narcotics Drugs and Psychotropic Substances (Amendment) Act, 2001: The Transplantation of Human Organs Act, 1994; Drugs and Cosmetics Act, 1940; The Prevention of Food Adulteration Act, 1954. Recent Amendments.

Unit III: Concepts of Marginalization and Human Rights- Understanding structural inequalities on physical health services, Rural health problems and concerns: common physical disorders, Prevention of physical disorders, Promotion of physical health, International developments in physical health care, Inter-sectoral Collaboration, Role of Non-Governmental Organizations.

Unit IV: Preventive Interventions- Hypertension, heart disease, cancer, diabetic mellitus, HIV/AIDS and STIs. Obesity, sleep disturbances; Evidence based social work practice in PH settings: Training initiatives and health education, Voluntary Sector involvement in public health programmes, community based rehabilitation models of physical health care. Health Insurance and Medical Tourism.

Unit V: Community care and extension programmes- community based programmes and policies, Innovative practice in community health, Effective models in general health. Critical aspects of the health care policies and programmes. Case studies and best practices of physical health care in the country.

Suggested Readings:

1. Merson MH, Black RE, Mills AJ. (2006) International public health: diseases, programs, systems, and policies, 2nd edn. Sudbury MA: Jones and Bartlett Publishers
2. Schneider MJ (2006) Introduction to Public Health^{2nd} edition, Sudbury, MA, Jones & Bartlett Publishers, Inc.
3. Turnock B.J. (2007) [Essentials of Public Health](#). Sudbury MA; Jones & Bartlett Publishers.

Elective 3: Child Rights and Child Protection

17SWK653 Intervention for Child Rights and Child Protection 3 0 0 3

Unit I: Understanding Child Rights- Child rights- Concept, definition, applications Child rights as Human Rights. Categories of child rights as given in UNCRC-1989, Right to Survival, Right to Protection, Right to Development and Right to Participation.

Unit II: Instruments of Child Rights- Instruments of child rights - UNCRC -1989, Various UN and Regional Conventions, Protocols, Declarations, Recommendations, The Constitution of India, Indian laws.

Unit: III: Child Rights Policies, Programmes& Structures- National Charter for Children 2004, , National Plan of Action 2005, Policies of States, National policy on education. Various important bodies and functionaries Created for Child Rights & Child protection such as Commissions, Special Courts, etc.

Unit IV: Child Protection - Policies, Programmes, & Tools- Understanding child protection ICPS of GOI. Intra-Organizational Child Protection Policy (CPP).Risk Assessment (RA) in child care institutions and other spaces. National Plan of Action 1998 against child trafficking

Working with children from a right based perspective:Multi disciplinary approach, working with various legal institutions. Child right based programming , working towards justice for children in Juvenile justice system.

Unit V: Case Discussions- Case discussions on Violence Against Children (VAC), Child sex predators, Child sex tourism, Nithari scandal, Kavdas- Kalyani case, PreetMandir case, Freddy Peat case, and other important cases.

Suggested Reading:

8. PrasadaRao (2006) Child Labour: Problems and Policy Issues, Associated Publishers

17SWK654 Interventions for Children in Humanitarian Crises 3 0 0 3

Unit I: Humanitarian Crisis HC- Conceptual clarity, definitions, theories Humanitarian situation, Humanitarian Aid, Genocide, Holocaust. Typologies of HC, Legal instruments – The Law of Geneva and the Law of The Hague, Geneva Conventions (I,II,III,&IV) & Protocols, The Hague Convention of 1899 and 1907. Optional Protocol to the Convention on the Rights of the Child on the involvement of children in Armed Conflict 2000.

Unit II: Humanitarian Crisis and Children- Understanding types of children- Unaccompanied, Separated, Internally Displaced, Refugee Children. Impact of Armed Conflict/ War on children- Landmines, Cluster Munitions, Disabilities, Sexual Violence (girls), Attacks on Educational Institutions, Recruitment in Armed Hostilities, Detention. Indian situation of children in armed conflict.

Crucial/emerging and/or ignored Issues of Intervention in HC related to Children, Chances & Challenges in Child Rights, Protection & Development in HC, Disasters (Man-made & Natural) and Impact on Children. Understanding – Rescue, relief and rehabilitation of children; Special Focus on Girl Child, Diseased, Orphans, Children Affected by HIV/AIDS, Children From Vulnerable communities, Children of migrant families.

Unit III:Rights of Children in Humanitarian Crisis and Intervention Strategies- Understanding children friendly places and their role in helping children in HC. Works books, Guidelines & Practices for working with Children in HC, Right Based Approach (problems & possibilities) Psycho-social Intervention in Post Traumatic Stress Disorders (PTSD) in HC.

Unit IV: International Scenario- Policies & Programmers, Institutional Framework & GOs & INGOs working in this area (Focus on UNICEF, Humanitarian Action for Resilience, Response & Protection, USAID, UNHRC, International Court of Justice, UNDP, International Federation of Red Cross and Red Crescent Societies, International Committee of the Red Cross, and Amnesty International.)

Unit V: Case discussions:Major past and contemporary HC (International and in India) as they relate to children, (e.g. Wars, Terrorism, Tsunami). Case studies on major HC, Interventions therein and Challenges in dealing with children's issues.

Suggested Readings

2. BBC Report on humanitarian crises in Sri Lanka, April 2009
3. Reuters reports on current humanitarian crises
4. The 10 Most Underreported Humanitarian Crises of 2005 by Doctors Without Borders
5. The 10 Most Underreported Humanitarian Crises of 2006 by Doctors Without Borders
6. Save the Children list of types of emergencies
7. Amnesty International, Human rights publications, www.amnesty.org
8. www.hdcentre.org
9. Human Rights Watch, www.hrw.org

Elective 4: Disaster Management

17SWK663 Mental Health Services in Disaster Management 3 0 0 3

Unit I: Introduction to Disaster Mental Health- concept, meaning, DMH Mission, Values, Ethics and Assumptions- Major disasters in India and other nations: Needs of the disaster survivors-Psychosocial care – Definition-Historical development of psychosocial care-Significance of Psycho-Social Support and Mental Health Services (PSSMHS) in Disaster Management-Hindrances to psychosocial care programmes

Unit II: The psychosocial impact of disasters- Theories of Psychosocial care- Emotional and behavioural reactions of the survivors across various phases: Normal and Abnormal reactions-Principles of emotional support

Unit III: Emergency planning and Training- Psychosocial assessment-PSSMHS in Relief Camps -Early intervention approaches – psycho education, psychological first aid, crisis intervention, debriefing, defusing-PSSMHS during Recovery, Rehabilitation and Reconstruction Phases-Handholding exercise -PSSMHS for Vulnerable Groups – children, women, aged and disabled. PSSMHS for Care-Providers-Integrating PSSMHS with General Relief Work & the Health Plan. Referral System-Role of NGOs in PSSMHS-Psychosocial care and cross cutting issues – HIV/AIDS, Alcoholism, Poverty, Migration, Displacement

Community based psychosocial care models in disaster management- NIMHANS model of psychosocial care -World Health Organization- American Red Cross Model-Other models –Evidence base for community integrated models. Indicators of recovery – impact, distress, disability and quality of life

Unit IV: Disaster Preparedness in PSSMHS- Planning and Preparedness -Resource Mapping-Preparedness for PSSMHS-Capacity Development -Research and Development-Documentation -Community Participation – Role of Community Level Workers, Role of Professional Social Workers

Infrastructure for PSSMHS -Hospital Preparedness -Network of Institutions -Public-Private Partnership -Technical and Scientific Institutions -Communication and Networking -International Co-operation -Media Management

Unit V: IASC Guidelines on Mental Health- Psychosocial support and Mental Health Services in disaster management-NDMA Guidelines- Sphere Standards in psychosocial care.

Suggested Readings:

17SWK664 Disaster Risk Reduction and Climate Change 3 0 0 3

Unit I: Principles and Methods for Disaster Risk Reduction- Introduction to Disaster Risk Reduction, Principles. Disaster risk reduction approach. Tools and methods for assessing and monitoring disaster risk trends, patterns and conditions. Identification of risk reduction measures, prioritization, and preparation of risk reduction plans, stakeholder analysis, organizational mechanism for plan implementations; Case studies on integration of risk reduction into development activities and planning.

Unit II: Community-based Disaster Risk Reduction- The framework of Community Based Disaster Risk Management (CBDRM). Facilitating participatory assessment and planning for Community-based vulnerability reduction. Community risk assessment; Hazard mapping; Facilitating community self monitoring, evaluation and learning for CMDRR; Sustaining CMDRM Process: structural mitigation, early warning, public awareness, community organisation, livelihood diversification and livelihood strengthening, training. Social Networks and Social Capital in Disaster Risk Management. Local knowledge systems in disaster risk reduction. Transparency and accountability issues in disaster risk reduction- Strategies for enhancing participation in governance and improving accountability of the processes involved in all the phases of disasters - Assigning accountability for disaster losses and impacts; Allocation of resources for necessary risk reduction; Enforcing the implementation of disaster risk management; Facilitating participation from the civil society and the private sector.

Unit III: Climate Change and environmental vulnerability- Effect of climate change on India and her neighbours, Climate change versus environmental change: Population increases, development in marginal areas, unsustainable farming and fishing, deforestation etc. interface with climate change to create increasing vulnerabilities. The Pressure and Release Model to understand environmental vulnerability. Disaster Risk Reduction Tools and Methods for Climate Change Adaptation.

Unit IV: Climate change and disasters- global warming, deforestation, pollution. Socio-cultural and economic dimensions of environmental degradation: Common pool resources, livelihood and disasters; Impacts on food production and supply, health and diseases/epidemics; migration and conflicts; Tourism and disasters. Mechanisms to address

Unit V: Climate Change- Climate change mitigation and adaptation. The role of carbon, climate feedback mechanisms, geoengineering. The business and politics of climate change. The Kyoto Protocol. Carbon trading. Clean Development Mechanisms. Intellectual Property Right Transfers etc. Corporate Social Responsibility. Adaptation to environmental change.

17SWK696 Concurrent Fieldwork - IV/Internship II 3 0 0 3

The specializations wise field work, continues in the fourth semester with the shifting of the agency in view of getting exposure in a different environment focus area. Understanding the policies and programmes of the agencies, the students shall work together with the agency, broaden their perspective on practice issues and render their help to the needy. Students can also be placed in open settings Some students are linked to governmental programmes, meant for poor and vulnerable section of the community, relating to various issues like health, disability, livelihood and so on.

17SWK697 Block Field Placement - June 1 0 0 1

The block field placement is the requirement for the final year students to complete the course. Under this mode, they will be placed in an organization continuously for 30 days, to acquire intensive training aiming at employment in a similar organization. A few students may get employment opportunity in the same organization on completion of the internship. It is organized after the end semester examinations in the month of June.

17SWK699 Research Project – Part 2 2 0 0 2

Each student has do a field project within the area of his/ her specialization in consultation with the supervisor who will offer continuous guidance to acquire the knowledge and application of research steps. The final evaluation and viva-voce will be held at the end of the fourth semester.
