OUR CHANCELLOR  
HER HOLINESS SRI MATA AMRITANANDAMAYI DEVI

OUR  
GUIDING LIGHT AND INSPIRATION

“Children should be taught the art of relaxation, how to be at ease. If they don’t feel relaxed, how can they learn? Without relaxation, no real learning is possible. This is the first lesson that clearly needs to be understood. It is very important that parents & teachers understand this before they ask the children to do something”.

-AMMA

Amrita School of Dentistry amalgamates dental education with value-based education. This is what makes our Dental School different from other institutions. In a very short span Amrita School of Dentistry was listed among the first few dental institutions in the country. Our institution has been very active in research and publications. The culture of research is inculcated during the undergraduate training program onwards.

Students are also exposed to inter disciplinary patient care. The Comprehensive Clinic system introduced for Under Graduate training provides a student centric and patient friendly clinical environment. Amrita School of Dentistry is one among the few Dental Institutes in the country to introduce this novel training system. The Head and Neck Department and Department of Sleep Medicine are world class training centers in which dental professional are members of health care providing team. We have M.D.S. training program in all the dental specialties.
