3rd NATIONAL CONFERENCE

21st and 22nd November, 2014

INFUSION NURSES SOCIETY-INDIA

(An international affiliate of INS-US)

Theme: "Exploring New Frontiers in Safe Infusion Practices"

Venue: Amrita Institute of Medical Sciences

Ponekkara, Kochi, Kerala, India-682041

"Practice does not make perfect. Only perfect practice makes perfect".

In the present world, a significant number of patients admitted in hospital receives Infusion therapy at some point for therapeutic or diagnostic purposes. Common practices are not devoid of complications, which may lead to an increase in mortality or morbidity rate, the duration of hospital stay and significant health care costs. Moreover, some of the risks are unfortunately difficult to identify since their consequences are not immediately obvious.

Highly qualified and competent professionals play an important role to maintain quality and safe patient care. Therefore the demand for ongoing education and hands on training for nurses increases dramatically. The Infusion Nurses Society is committed to provide Innovative resources and opportunities to a wide range of Healthcare Professionals who are involved with the practice of Infusion Therapy to improve their knowledge and quality of practices.

In line with the tradition of sharing expertise we bring out the Theme **"Exploring new frontiers in safe infusion practices"** for the 3rd National Conference at **Amrita Institute of Medical Sciences, Kochi, Kerala on 21st and 22nd November, 2014.**

Let us join together to explore the best practices, new achievements, innovations in Infusion therapy and earn your CE Credit hours

About Infusion Nurses Society

INS-US

The Infusion Nurses Society of US, located in Norwood, MA, is a national nonprofit organization founded in 1973. INS is dedicated to bring innovative ideas, changes and opportunities to a wide range of healthcare professionals who are involved with the specialty practice of infusion therapy.

INS-INDIA

The Infusion Nurses Society-India, an international affiliate of Infusion Nurses Society of US was formed in the year 2010. The vision is to exceed the public's expectations of excellence by setting the standard for infusion care, by developing and disseminating standards of practice, providing professional development opportunities and quality education, advancing the specialty through evidence-based practice and research, supporting professional certification and advocating for the public, in alignment with the vision and mission of the Infusion Nurses Society of US.
